*For some, it's the beginning for years that lie ahead. For others, it's a good-bye to so many treasured times. If you were to look for a single word to describe the years come and gone, it would be virtually impossible. Every Wa-Hi Blue Devil has the spirit, potential and determination to make their mark where ever they may go. From being famous, to peronal satisfaction and making the smallest dreams come true. The success that you will achieve can be attributted to your years at Wa-Hi. From Fall to Spring we've made it through again. Another great year to look back on.*

Junior, Amy Brennan looks at one of her friends in disbelief.

Expressing his thoughts about cafeteria food, Mike Keown gives us a glance at what was once food.

While Senior, Mike Eutsey slowly makes his way to class he takes a moment to flash a smile.

Jessica Hanlon can hardly believe her ears, so she turns around trying to find someone with the truth.

"Got milk?" Asks Anja Hammer

Dan Imes takes time away from his keyboarding class while everyone else is hard at work.

Senior, Rob Helmts stops to ponder how a camera really works.

Derek Young is trying to convince Shannon Hagstad and the camera that it really is "True love."

Jesse Brewer and Mindy Erickson decide that two heads are better than one.

Sophomore, Kip Reese, waits for the crowd to quiet down.

"This isn't for the yearbook is it?" Asks Brock Walters..

Looking over her math homework, Maryn Harvey tries to figure out one of the puzzling equations.

Ann Bierwagen looks up just in time for the photographer to take her picture.

Junior, Lynne Zollman is lost in thought during one of her classes.

Mark Phaysith stares at his teacher in disbelief, because of the long assignment that she just gave everyone.

Back Row L to R: Jeremy White, Katie Kress, Amos Peterson, Jill Watkins, Andrea Byrd, and Matt Stroe. Front Row L to R: Jay Potter, Amy Locati, Matt Thompson, and Lucita Zapata.

Standing before the game crowd are King Matt Thompson, and Queen Lucita Zapata.

Excited to find out who's who, Katie Kress, Matt Thompson and Lucita Zapata tear into the boxes to see.

Prince and Princess, Matt Stroe and Andrea Byrd, walk proudly toward their place of honor at the Homecoming game.

For the Homecoming Assembly, the ladies of the court (and Amos) were decked out in their sleepwear, came to claim their seats on the court.

Being proudly escorted by Amanda Porter is Jeremy White.

Monday, being Pajama and Crazy Hair Day is Andrea Byrd for the Pajama part, and Matt Stroe for the Crazy Hair part.

Here we have Roger Bordon showing that he has school spirit on Tuesday's Toga and Crazy Sunglasses Day.

Wednesday was Pirate/Hippie day and to the left we have Mandy Benson showing the vicious pirate in her at the Senior Powder Puff meeting.

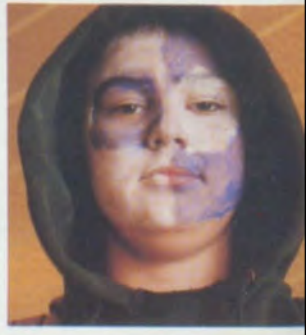

Friday, since there was not a soul found at the school, we had to go to the Homecoming Game to find just about the entire student body.

Thursday was the ever popular Blue and White Day and we've got Josh Miller and Matt Anderson definately showing their spirit. Tell me-can you get any better than Matt's mask?

## SCORE out of Five

**Seniors 3**

**Juniors 2**

The **actual** Shake 'n' Bake is Andy Baker, who is trying to convince Conner Fish that he is the **one**.

Warren Baker, the "Cooler Shake 'n' Bake" is trying to convince his pal Phil Shivell that he really is.

Senior team meeting to get it together.

The Senior team from left to right: Eric Hamilton, Jay Potter, Charlie Greiner, Andy Baker, Conner Fish, Aaron Huckstep and Denis Parcels.

The faithful Junior cheer squad takes a goofy moment for us to remember and make us laugh.

Showing that they wouldn't accept the past losses as a title, a few members of the Junior Jammin' 11 of '97 give us an excited smile before heading onto the field.

Reassuring each other before the big game that night, is the prevailing Senior Killer Chicks of '96.

To prove just how right the Seniors were, they put up a sign to prove their point.

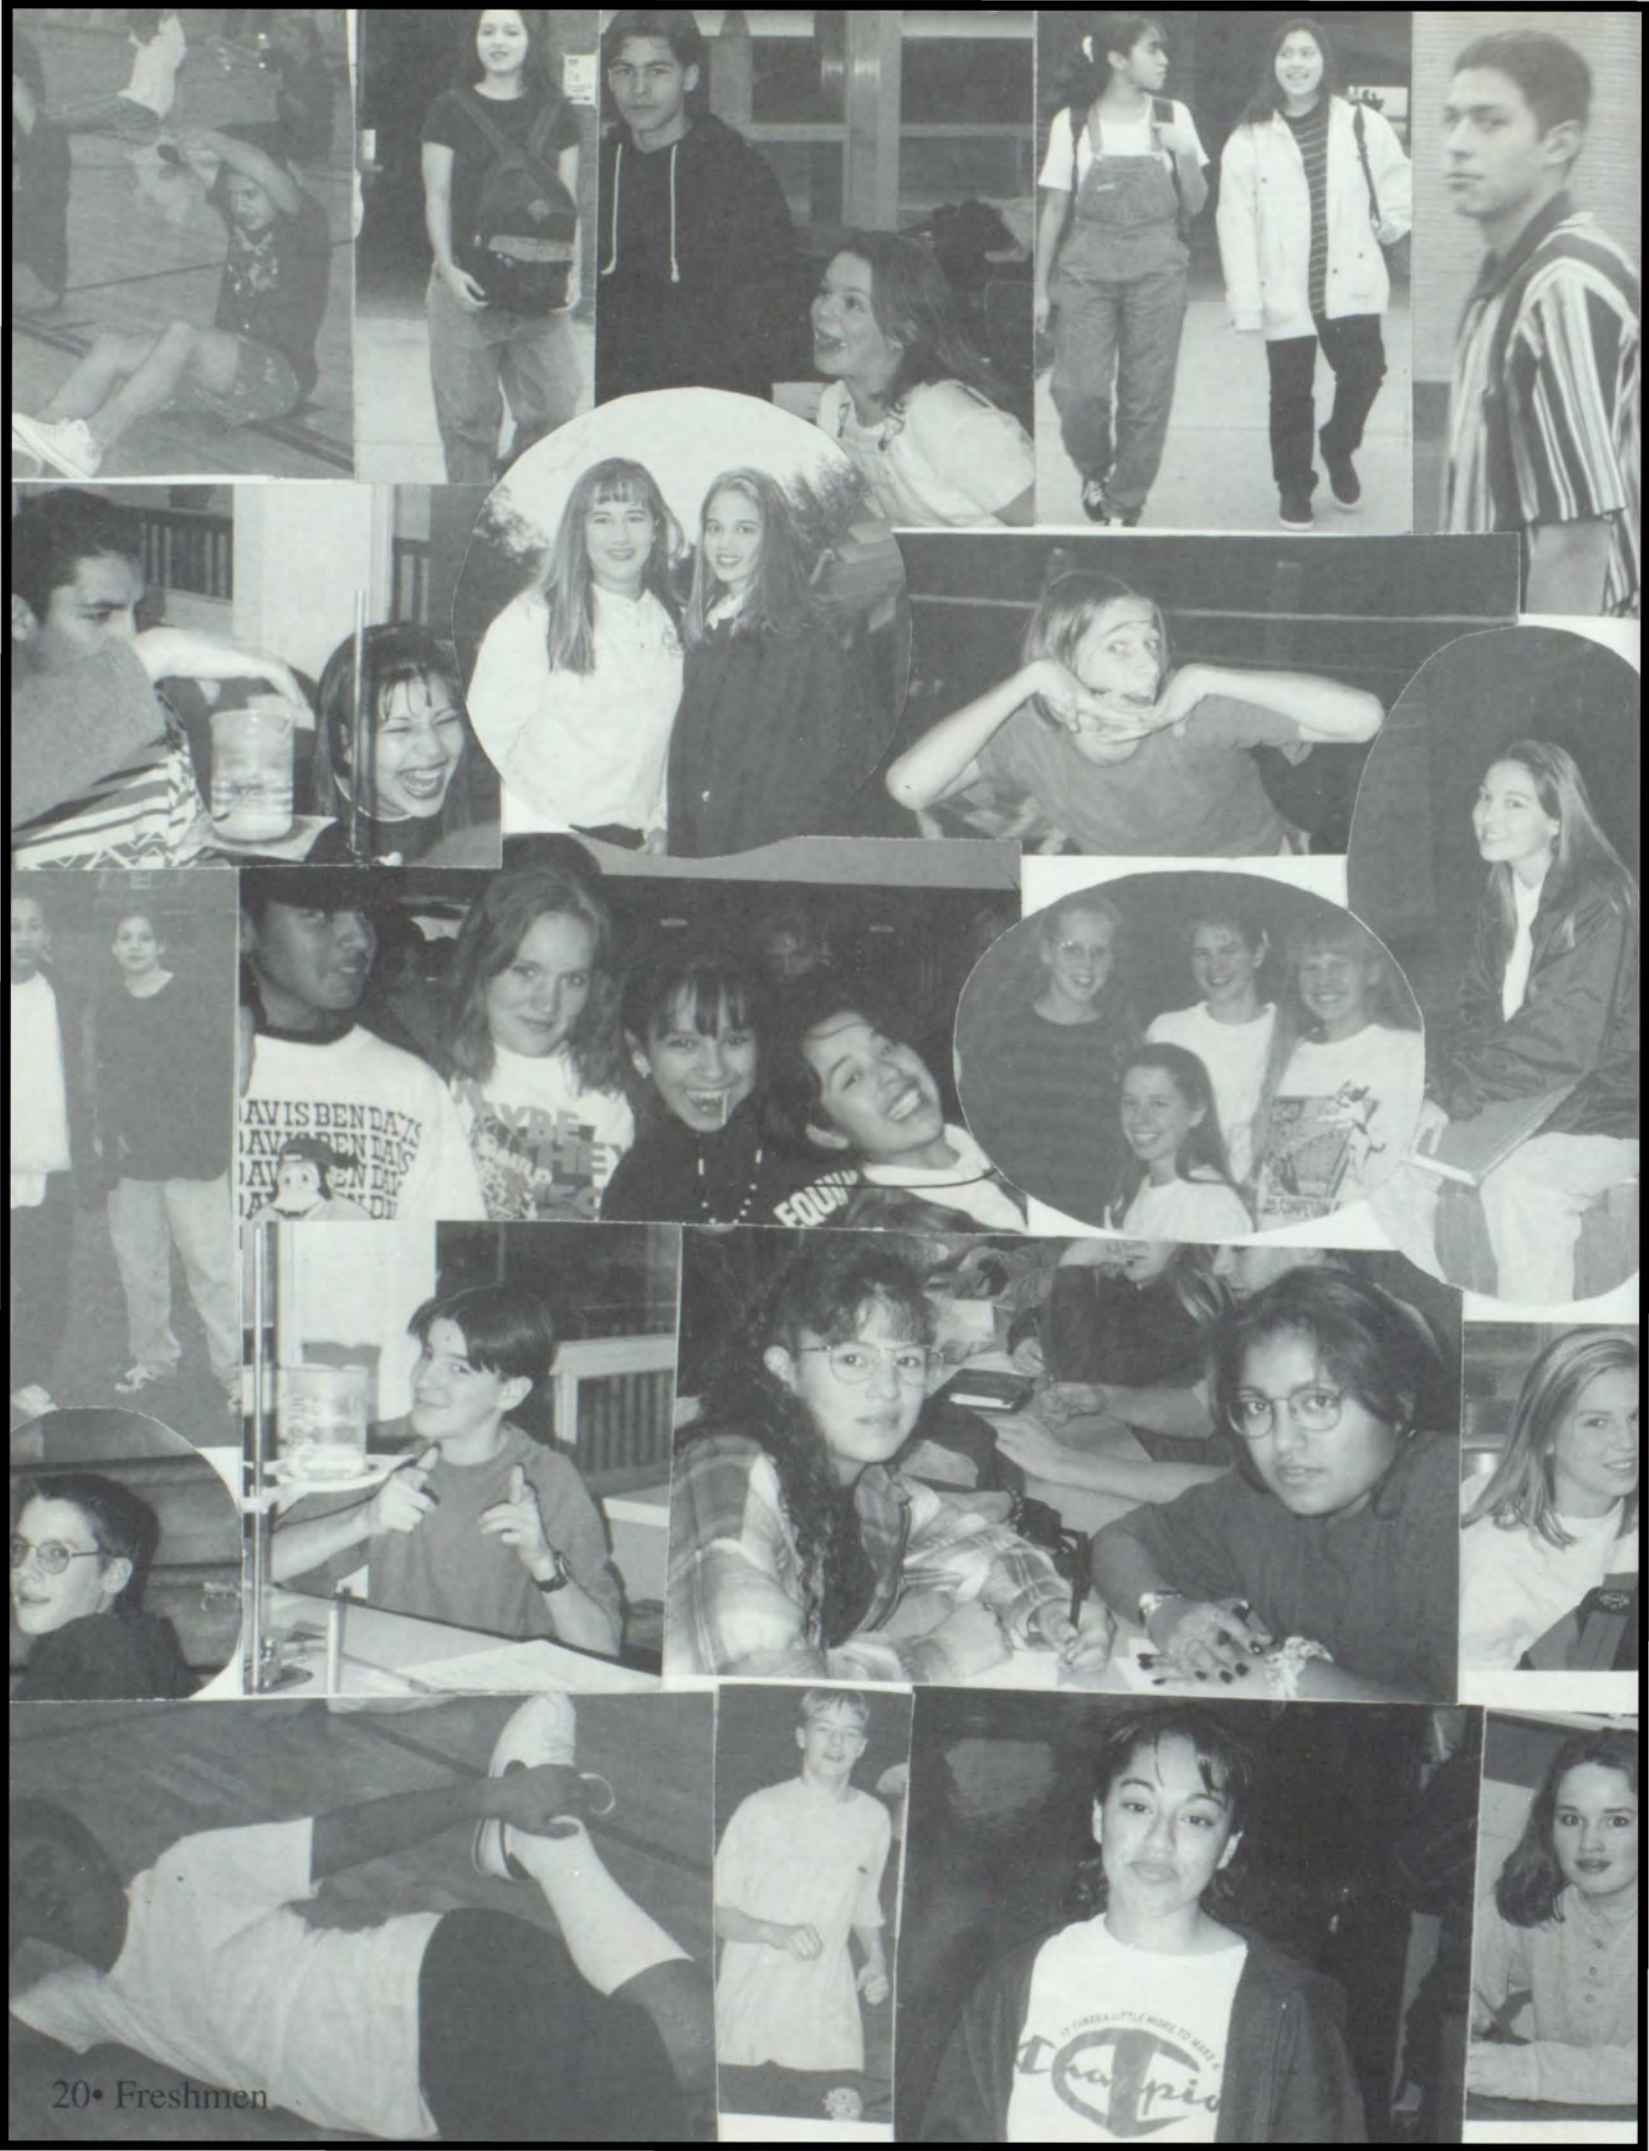

As Kara Leonetti and Chris Morrisette await for the Senior Powder Puff meeting to start, they give a vicious smile to show what kind of game it will be.

## Our Junior Year

This year, like all others, is definitely one to remember. Only one more year to go before we rule the entire school. From Fall to Spring and only one more summer vacation, we'll make the best of the months to come. Time whizzes by us all. It seems to fly by faster every single day. It's weird the way we've watched each other change, from kids to adults. We're all getting older, even those of us who never thought we'd grow up. Wa-Hi, which once seemed so big and scary, now seems so familiar. Instead of asking directions, we give them. Instead of following, we lead.

Through the years we've all grown and matured. Every lesson learned has paved the way for many years ahead. Everything we have experienced will stick with us forever. All the friends we've made and good times we've shared will always be remembered. So much time and hard work has followed us through our three years here. We've laughed and cried and shared our moments. When it's time for us to say good-bye, we might not be so glad to go; however, we can look to our lives ahead. But for now we can anticipate our Senior year and all the memories which are sure to be forever etched in our heads.

### All the Fun the Law will Allow

Powder Puff '95 was unlike any Powder Puff game before. The Seniors were disappointed about last years loss to the Scalpin' Tribe of '95, which made them all the more determined to beat the Jammin' 11 of '97.

The game started off slow for the Seniors. Allowing the Jammin' 11 to score first, but soon after Jill "The Thrill" Watkins showed the Jammin' 11 just what the Senior team was made of, by scoring the teams first touchdown at the end of the first quarter. Mandy Benson went out throwing the ball and had several pass completions to Christina Morrisette, one of which went in for a touchdown, but was called back for an offsidess penalty.

Soon after the Senior team went up by six when Katie "Captain Crunch" Kress scored. The team made the final attack when Jill "The Thrill" Watkins ran the ball back for the third and final touchdown. The defense only allowed one more touchdown and the final score was 20-13. But, more importantly than anything both teams represented themselves and their school extremely well.

Seniors J 91

Our Senior year has drawn to a conclusion; all of the graduation announcements have been given out and all of the homework assignments have been turned in. Now is the time we have to reflect on ....

### THE TOP FIVE REASONS WHY YOU SHOULD REMEMBER YOUR SENIOR YEAR

5. You left your favorite piece of gum under a desk, but you just can't remember the class number.
4. Your Senior picture somehow found its way to the yearbook pages, but you still can't find the definition of deadline in Websters.
3. Leggo my Eggo.
2. It's the last time you get to yell "Senior Power" without looking like a complete idiot.  
and the number one reason why...
1. Your detention doesn't expire until your 10 year class reunion.

# Jonathan Michael Lynch

May 16, 1977- September 12, 1995

A poet tells of  
life, and Garth  
dance.  
Dreamers waste  
cry over the  
given a chance.  
But a cowboy's  
ing , a fever  
gone,  
And he'll follow  
with all of his  
and ever on.  
A dream that's  
goal for the  
the old.  
With the heart,  
reaching:  
ers diggin' for  
Be it horses or  
or steers, he's  
won't ever stop.  
He's hooking or  
scratchin, but

the road of  
sings about the  
  
their life and  
dreams never  
  
dream's undy-  
that's never  
  
that dream  
heart forever  
  
turned into a  
young, and for  
  
they just keep  
They're min-  
gold.  
calves or bulls  
pushing and  
  
swinging or  
trying, and

he's going to get to the top.

When God put a heart in a bovine beast and turned him out to ride,  
He didn't give him half as much as a cowboy has inside.

It started when he was four years old, and his daddy was swinging a rope,  
And he let him rope a baby calf with determination and hope.

When his grandpa was riding a greenbroke colt whose kinks were still quite a few,  
And he spurred him hard and rode him tall when that pony broke in two.

When Clint Johnson signed his cowboy hat in nineteen eighty-nine,  
And said to him, "Just lift and charge, and you'll always do just fine."

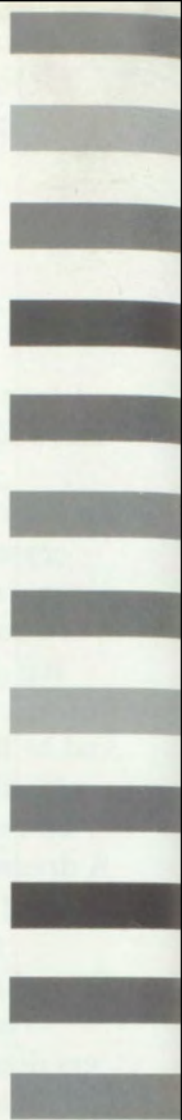

When he lost his thumb in his dallies, when his leg broke, steppin' off Ol' Joe,  
He grinned, and beared, and remembered his dream, and said to himself, "Just go!"  
And the chute fightin' bronc that 'bout mashed him, and the Lord helped his fear to subside:  
He pulled down his hat, made a real ugly face, and said, "Come on, boys, time to ride."

Well, he's tied calves until his hands bled, he's rode broncs 'till his heels were on fire,  
And the things that got him outta them holes was God and an untamed desire.

So Garth, this one's a dance he won't miss, and he ain't here to just get by.

He'll follow his dreams and accomplish his goals, 'cause he's got what counts most, and that's try.

I like WA-HI a lot. The teachers and students are very nice and helpful to me. I like the way people are interested in me and my culture. This makes me happy because I have people to talk to. WA-HI is a small change from my school, but not by much and it is very fun.

Saifi

Ya! I like WA-HI a lot. The teachers are very polite and so are the students. They do many things for me. The people here are very involved with sports; my favorite sport is football. Our school system is very different because we change our classes every other day. These classes are very easy to me especially math, it's my favorite class.

Maksim

I like WA-HI a lot. The school campus is very large and has a very nice program. This town is very nice. The people are very helpful in showing me around the town. This is a big change to me because this school is very big and the learning system is harder. The classes are cool because you have the same classes every day. The school sports here are fun, because every body is involved in them and the people cheer very loud.

Claire

Yes! I like WA-HI a lot. There are many things to do here at this school. This school is more involved in sports and because of this people have many more things to do instead of wasting their time doing nothing. In our school we don't work as hard and we get out of school a lot later, maybe around five or six at night.

Justyna

WA-HI is a very interesting school; I like it a lot. This school has many things for the students to do I personally like the clubs. There are many, many teenagers at this school, more than at my school. Learning at my school takes a lot of time and patience. The system there is very different, that is because of our shedule changes every other day.

Choung (Key)

Yes, I think WA-HI is a very cool school. The people here are very nice to me. I am very motivated and go to the school games. I wish that my school would be more involved in sports like this school is. I have many teachers that I like at my old school but at this school I like all of them and all of the students.

Senior Richard DeBolt prepares for another Wa-Hi win.

S E N I O R S

FOOTBALL

Athletics at Wa-Hi have been important and special for me. All of the teams I've participated on have helped me in some way, but the one sport which has been the most special is football. Not many students know it, but the Wa-Hi football program itself is among the five best in the Northwest. Everything from facilities to trainers to players and especially the coaches, Wa-Hi football is among the elite.

The aspect which I'm most impressed by is the leadership, which directly correlates to the coaching staff. This group of men are dedicated to doing what's best for the student. Many times players may not see it that way, but in actuality everything which is done is for the benefit of the player.

There are a number of examples of this. For instance, practice consists of purposeful drills and scrimmaging which doesn't take a large portion of the player's time. Another example is their constant enthusiasm and encouragement, which makes the players have a positive outlook on practice and on the whole situation in general. Discipline is enforced in strict, but fair manner, which in turn helps with success on the field as a team.

I could go on and on for days on how the program is great, but basically it comes down to one thing: Wa-Hi is a great place with lots of opportunity and the Blue Devils football program immensely cares for those who participate.

-Matt Thompson-

**O**utstanding. Terrific. Wow. These are just a few of the words used to describe our freshman football team this year. They combined a crushing defense with an awesome hippedowered offense that led these "junior" Blue Devils to a stellar 8-1 record. The almighty Blue Devil offense seemed to be able to score at will through air or on ground.

Fullback Seth Cornelius led the ground attack with 90 rushing attempts for a total of 780 yards and 12 touchdowns. Halfback Austin Roberson was a huge asset to the Devil offense with 77 rushing attempts for a total of 681 yards, and 5 touchdowns. Darren Hawkins had an unbelievable season with an individual receiving record of 21 attempts for a total of 644 yards and 12 touchdowns.

These 3 and more, helped lead our grid iron warriors to an undefeated season. Well, almost...

Scoring an astounding 328 points, and acquiring 86 first downs, just wasn't enough to clinch an undefeated season. Although, if you were ask any of the 3 freshman coaches, they would say that losing one game was OK, because they reached their goal of getting better each day, each game.

Coach Meyer believes that the teams prime game of the season was when they "dismantled" Eisenhower, 62-6. Eight different players scored touchdowns for Wa-Hi in this game. Not to mention, IKE didn't even score until the last play of the game!

"This years team epitomized dedication and hard work. The team learned that hard work does pay off." Meyer says recalling the Richlan game. Both teams went into this competition with a 5-0 record. One team was going down and it wasn't going to be Wa-Hi. The first half ended in a tie, and in the scnd half, "we took care of business in a big way!" he said proudly.

Our guys went unbeaten until their 8th game when they took a hard 7-15 loss to Kennewick. However, they bounced back the following week upsetting Davis 43-20.

Now we can't forget about one of the most important positions in the game...the quarterback. Andy Thompson had a commendable season with 107 attempts, 61 of them were completed for a total of 1,154 yards! He threw for 17 touchdown passes and only 3 interceptions.

The team wasn't always as serious as they've sounded so far. They also had quite a bit of fun. After a practice once, the whole team piled on top of Coach Mouat to congratulate him on the birth of his son. As Meyer said, "only a football team would consider this a form of congratulation."

8-1 is an honorable record. It was enough to win the Big Nine freshman title.

A.J. Gomsrud can't help but smile after a great defensive play.

Coach Meyer gives a look of exasperation after getting his team a 15 yard penalty for saying, "Welcome to Moses hole."

Joe Wilkins and Josh Queen stand on the sidelines intently watching their team try to score.

**Timothy McVeigh** is a well-guarded prisoner. He and one other man, Terry Nichols, are charged with 11 counts in the bombing of the Alfred P. Murrah Federal Building in Oklahoma City. The explosion on April 19 killed 169 people and injured more than 500.

The murder trial of **O.J. Simpson** ended. Not guilty. It took the jury less than four hours to reach a verdict in the sensational trial that lasted eight months. The jury found that Simpson did not kill his former wife, Nicole Brown Simpson and her friend Ronald Goldman.

The Atlantic's region's **hurricane season** this year was so active that it has produced the most named storms since the National Hurricane Center started assigning names in 1953.

**President Bill Clinton** prepared for a new political battle: the 1996 presidential election. Early in the election process, the president faced dozens of Republicans looking to be the nominee to run against the President in 1996.

After months of arduous negotiations, Israel and the Palestinians concluded a major agreement. Palestine Liberation Organization leader **Yasser Arafat** said the 400-page document explains in detail the withdrawal of Israeli forces from the territory Israel has occupied since the 1967 war.

Four years after the wars of Yugoslavia's destruction began, there was still no peace among the warring nations. More than 3 million people have lost their homes, more than 200,000 have been killed and many more are **refugees**.

The much-traveled **Pope John Paul II** returned to the United States for his fourth papal trip. The 75-year old Pope showed no signs of slowing down. He repeatedly spoke of leading the Roman Catholic Church into Christianity's third millennium. He was elected Pope in 1978. As the Polish Pope, he is the first non-Italian to head the church in 455 years. He has made 67 trips outside of Italy.

**Gen. Colin Powell**, 58-year-old career Army officer, ruled out running for the president as a Democrat, but he said he has always been attracted to politics.

One critic described **Hootie and the Blowfish** as a pleasant band with a mellow sound, a winning and unpretentious attitude, a goofy name and a lot more. Musically, Hootie can move casually, but efficiently from harmonizing to country rock, from blues to thick-as-molasses Southern rock.

Baltimore Orioles shortstop, **Cal Ripken** marched into the record books when he broke Lou Gehrig's record and played in 2,131 consecutive baseball games. He finished the season with 2,153 straight games.

**Garth Brooks** was the first country artist to sell like a pop star in the early 1990s. The summit was "No Fences" which sold millions of copies. His greatest hits record, "The Hits," was also a major success.

**Mickey Mantle** was one of the greatest baseball players who ever lived. From the time he broke into the major league in 1951, six months shy of his 20th birthday, until he retired following the 1968 season, Mickey Mantle inspired generations of fans with his power and ability. He died of fast-spreading liver cancer at the age of 63.

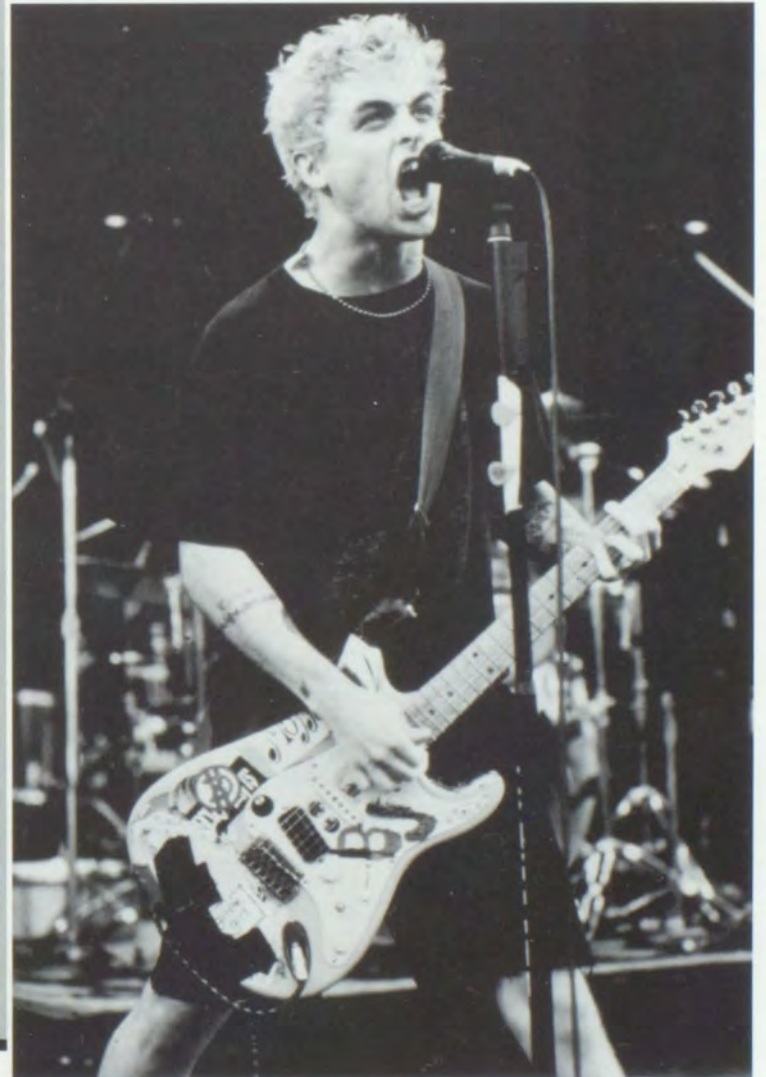

**Boyz II Men**, the Philadelphia-based quartet which is made up of tenors, Wanya Morris and Shawn Stockman, baritone Nathan Morris and bass Michael McCary has had a presence on the top-selling charts for several years. They are more pop than either soul or rhythm and blues, but whatever their style, they are a massive successes.

**Green Day** hit the charts with "Insomniac," its second major-label release. The San Francisco trio has unleashed whatever pent-up energy it managed to stockpile during the last whirlwind of a year. One of the songs, "Panic Song" is as close to sheer pop-punk purity as you'll ever get.

The pop-rap trio **TLC**, who hit it big in 1992 with such hits as "What About Your Friends," were at it again this year. Their hit album "CrazySexyCool" hit the charts nearly a year ago and is still going strong.
